Subject: Rob Runkel

Steve – I'm trading phone calls with Rob Runkel but I did speak with Suzanne Pashke (sp?) at USGS and told her we wanted Rob's assistance. I did left your cell phone # with both Rob and Suzanne – she was also going to try and call him. She said he was on his way to Silverton – he may not have left yet?? but I think his help is coming – one way or another.

Let me know if we can do anything else. Oh – Brent said that he could round up a few BLM people to assist with WQ sampling if needed. Just let him know what you need.
